Sprint's True Mobile 5G Network to Add Samsung Galaxy S10 5G
2023/07/17

Sprint announced the June 21 availability for its third 5G device—Samsung Galaxy S10 5G. It will deliver blazing-fast speeds within Sprint's True Mobile 5G network. Galaxy S10 5G will initially be available to customers in the first four 5G markets that launched in late May—Atlanta, Dallas, Houston, and Kansas City. They will then be available in Sprint's other 5G markets—Chicago, Los Angeles, New York City, Phoenix, and Washington, D.C.—in the coming weeks. "Packed with amazing features, Galaxy S10 5G is the perfect companion to Sprint's True Mobile 5G network," said Michel Combes, Sprint CEO. "Our 5G network lets our customers seamlessly do the things they love with faster speeds, including gaming, streaming, downloading, and browsing. Adding this device to our expanding 5G product portfolio is an important chapter in our 5G story."
