Remote Controlled Mobile Phone Jammer with Up to 15m Shielding Radius JM171558
2023/07/03

Remote control usually makes the operation of something easier such as the TV and air-conditioner remote control devices are being used to easily turn on and turn off the device as well. And just thus this Remote Controlled Mobile Phone Jammer with Up to 15m Shielding Radius can help you and give you an assistant as well. First of all, this is a mobile phone jammer, designed with 4 antennas, so it can cut off the CDMA GSM DCS PCS 3G signal at the same time. Therefore, due to the high-quality heat dissipation system, the 3G mobile phone jammer can supply power to the desktop 3G mobile phone jammer through the AC adapter, so it can always maintain a good working state without stopping. In addition, according to the signal strength of a specific location, the interference distance of this 3G mobile phone signal jammer is a maximum of 15 meters. Therefore, one big advantage that you can't ignore is that this 3G mobile phone jammer is designed with remote control, and people can easily turn on and off the device through the remote control. For more detailed information about this remote control 3G mobile phone jammer, you can view the detailed specifications of this remote control 3G mobile phone jammer in the following ways
